PATENT PENDING

-OVER 20 YEARS OF EXPERIENCE-

# FRONT PARTITION

## STRONGER - FASTER - QUIETER

### MOUNTS DIRECTLY ONTO B-PILLAR

We know what a pain cutting and mounting brackets are for installs, it takes FOREVER. That's why we engineered our Front Partition to mount onto the B-Pillar using the existing grab handle mount without the need to cut the trim - slashing the install time in half.

### LIGHT WEIGHT

Because officers spend all day on the road we designed our Front Partition using our exclusive polymer-blend, making it HALF the weight of Steel, saving you TONS of money on gas.

### QUIETER

Less Noise = Greater comfort and less irritation, so the officer has a better day on the job.

### LIGHT WEIGHT

Our Partition is light weight saving the department on gas, so they can spend that money where it really matters.

### INDUSTRIAL STRENGTH

Our Front Partition stands the test of time, meaning you won't be spending time replacing broken or damaged partitions.

### FASTER

The Innovative, patent pending design of our Front Partition installs in half the time. This saves both the upfitter and department precious time and money.

### Setting the Industry Standard

Our engineering team created the industry standard for custom molded ABS Plastic Front Partition technology.

Our Front Partition has been engineered with optimal features for the officer. We capitalized on our 20 years of experience and countless discussions with law enforcement agencies and upfitters when designing this product.

### Putting Safety First

Our number 1 priority is the officer's safety. We engineered our partition to give the officer peace of mind when transporting an unruly detainee.

Our partition is airbag compliant as well as FMVSS 209 certified.

YEARS	MAKE	MODEL	PRODUCT	PART NO.
2012 - 2018	Ford	Interceptor Utility	Standard/Reduced/Flush	WX40A3
2015 - 2018	Chevy	Tahoe	Standard/Reduced/Flush	W15T40A3

## HOW STRONG IS OUR FRONT PARTITION?

We have subjected our Front Partition to numerous real-world, and extreme durability tests, we even had a thug take a metal baseball bat to it.

We take pride in offering peace of mind to officers regarding their safety. This helps to ensure they go home to their family every night.

## TESTED BY OUR OWN MUSCLE

To see how well it holds up please visit:  
<https://prisonertransportsystems.com/front-partition/>

### ERGONOMICALLY DESIGNED

Our seat has a recessed area for the arms of the handcuffed detainee for more comfort. The last thing officers want to hear when transporting a detainee is more complaining.

### RELIABLE

Our exclusive polymer blend prevents cracking, meaning no broken seats or replacements.

**PATENTED**  
9-452-693; 9-545-859

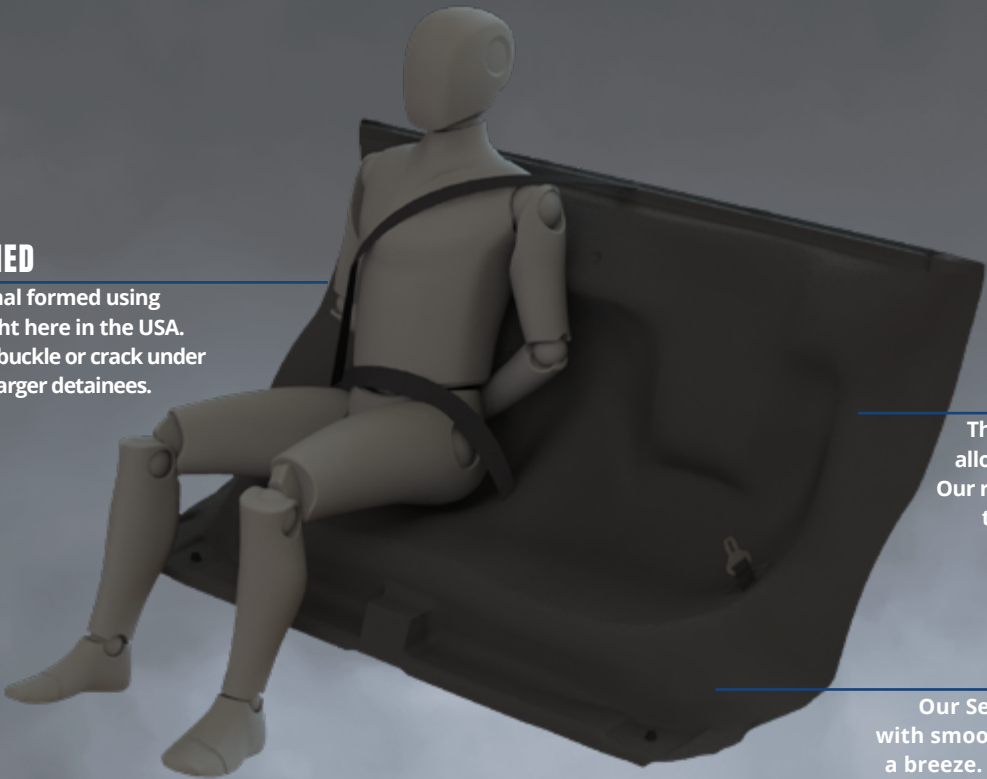

- FORM FITTING DESIGN -

# TRANSPORT SEAT

STRONGER - CLEANER - SAFER

### THERMAL FORMED

Our seats are thermal formed using thick ABS plastic right here in the USA. Our seats will never buckle or crack under pressure even with larger detainees.

### FORM FITTING DESIGN

The ergonomic design of the seat allows for easy detainee insertion. Our recessed handcuff design keeps the detainee from complaining.

### EASY TO CLEAN

Our Seat System was engineered with smooth edges to make clean up a breeze. Simply wipe down or rinse off with water and soap, SO EASY!

### Modular Design

Our Transport Seats are the most innovative in the industry. Include our window guards, door caps, floor pans, and front/rear partitions to form the perfect transport solution. Our seat leaves no room for the detainee to conceal contraband.

### Easy to Clean

No-one wants to clean a really messy seat after one of those bad transports. Pair with our V-Drain floor pan and take a hose to the inside so the mess will drain out of the bottom, keeping your hands clean.

### New in 2019

Our new bench seat design offers even more space for easier detainee insertion and officer rescue situations. Closer to the OEM original seat than ever before.

YEARS	MAKE	MODEL	PRODUCT	PART NO.
2011 - 2016	Chevy	Caprice	Seat	PC51
2015 - 2018	Chevy	Tahoe	Seat	P15T51

2012 - 2018	Ford	Interceptor Sedan	Seat	PI51
2012 - 2018	Ford	Interceptor Utility	Seat	PX51

- PUTTING OFFICER SAFETY FIRST -

# O.S. BELT SYSTEM

## NEVER REACH AGAIN

**OFFICER SAFETY SYSTEM**

Officers have told us the scariest part of transporting a detainee is the buckling process. No one wants to reach over an unruly passenger to buckle them up, we don't blame you. That's why we moved the buckle.

All the officer has to do is unbuckle the belt from the front partition and buckle it to the seat.

*"If I ever have to reach across a detainee to buckle them, I won't do it."*

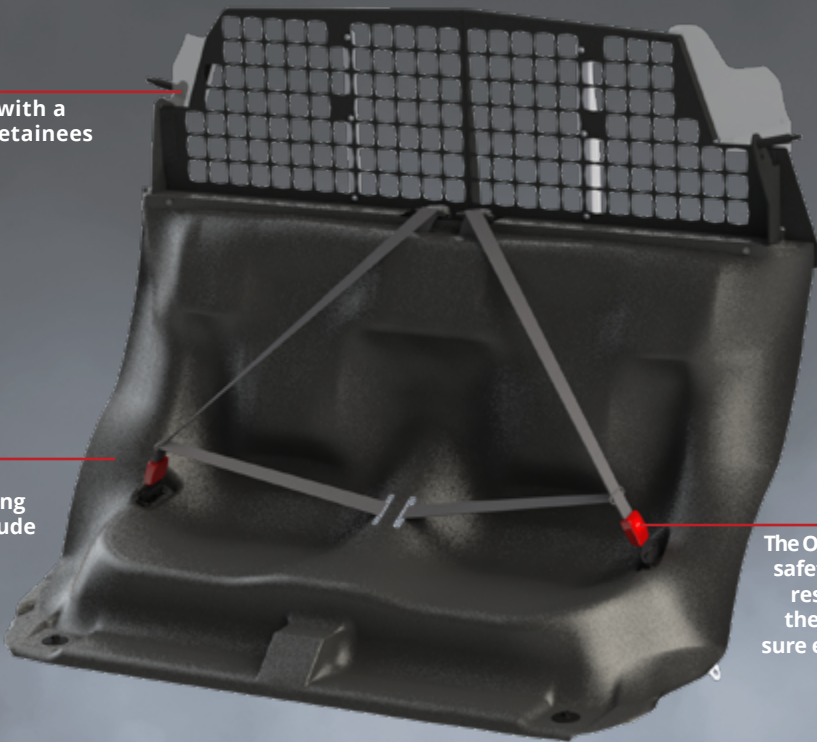

- Chief Glenn

### REAR PARTITION

Every O.S. belt system comes with a rear cargo partition to keep detainees out of the rear of the vehicle.

### TRANSPORT SEAT

Also included with the O.S. belt system is our transport seat, filling out the whole rear package. Include other PTS products to create the perfect rear cage.

### O.S. BELT

The O.S. belt was created with the officer's safety in mind. We designed a way to restrain detainees, without putting the officer at risk. We want to make sure every officer makes it home safe.

### Designed With Officer Safety in Mind

The O.S. Belt system is the centerpiece to the perfect rear cage. With our Front Partition, Window and Door Guards and our V-Drain Floor Pan, you create a secure reliable rear cage.

### Buckle Up With Our NEW Retractors

Our new dual-sensitive retractors are above and beyond FMVSS standards and work in every situation. In the case of a slow roll-over or high-speed accident, our webbing is designed to lock automatically keeping the prisoner safe.

YEARS	MAKE	MODEL	PRODUCT	PART NO.

POLYCARBONATE/STEEL COMBO

- DESIGNED FOR CONTAINMENT -

# WINDOW GUARD

PREVENT - DEFEND - SECURE

## CUSTOM STEEL DESIGN

With our Window Guards there is no way a detainee could possibly get through to the glass.

## SIMPLE INSTALL

With only 11 mounting points, the install is a breeze. Both rear windows are done in minutes, saving time so that officers can get back to protecting each and every one of us.

## SECURES OEM WINDOW

Our easy to install window guards are made of high strength steel with rust proof powder coating. There is no way anyone can get through these.

## EASY INSTALLATION

No one wants to spend their day installing window guards so we made them easier and quicker to install.

## Containment

Our Window Guards keep detainees away from the windows. Punch, kick, or even hit with a metal baseball bat; they stand up to the harshest conditions.

YEARS	MAKE	MODEL	PRODUCT (SET OF 2)	PART NO.
2015 - 2018	Chevy	Tahoe PPV/SSV	Poly Guards	P15T120
			Metal Guards	P15T121
2012 - 2018	Dodge	Charger	Poly Guards	DC120
			Metal Guards	DC121
2012 - 2018	Ford	Interceptor Sedan	Poly Guards	PI120
			Metal Guards	PI121
2012 - 2018	Ford	Interceptor Utility	Poly Guards	PX120
			Metal Guards	PX121

## Mount Securely

Our Window Guards mount directly to the OEM door. This quick and easy install saves tons of time and money.

## POLYCARBONATE OPTION

INCREASED VISIBILITY

LIGHTER

**TAMPER-PROOF DESIGN**  
Our exclusive polymer blend holds up to the worst abuse. You won't need to replace any broken or damaged door panels.

**PROTECT OEM PANEL**  
Our Door Caps install right over the existing door panels. There is no need to remove or store the existing door panels.

- 5 MINUTE INSTALL -

# DOOR CAPS

FITS OVER OEM DOORS

**NO DISASSEMBLY OF OEM DOOR**

You do NOT need to remove the existing door panel, saving you time, money and storage costs.

**PREVENT ESCAPE**

Just like the rest of our products our door caps are durable and prevent a detainee from breaking or damaging OEM door panels. Our Door Caps keep detainees from getting to the door handles.

**Cover All Fronts**

Our Door Caps completely cover the existing door panel. The best part is that you don't need to remove the OEM door panel. Instead simply slide the door caps over the door panels, and fasten down. This design saves everyone precious time and money that can be spent on what really matters.

**Seamless Integration**

We hate how much storage space OEM door panels take up once removed. We thought there has to be a better way. And there is. Our Door Caps are perfectly designed to slide right over the existing OEM door panel. When the vehicle is ready to be recommissioned all you have to do is remove our Door Caps.

YEARS	MAKE	MODEL	PRODUCT (SET OF 2)	PART NO.
2015 - 2018	Chevy	Tahoe PPV/SSV	Door Caps	P15T105

# V-DRAIN FLOOR PAN

## EASY DRAIN FOR EASY CLEAN

### V-DRAIN

Rinses Down and Out  
Custom Engineered

### FLOOR PAN

Our Floor Pans are custom molded to the bottom of each car, creating a perfect fit. Super simple and easy to install you can get the vehicle back to the agency faster.

### V-DRAIN KEY

### CUSTOM POLYMER BLEND

Our Floor Pans are made using our custom ABS polymer blend making them stand the test of time, or the stomping of many feet. One Floor Pan will last the life of the vehicle.

### V-Drain

The thought of cleaning up the back of a police car made us sick. We were looking out for anyone who has to clean the back of a car after a long Saturday night. With our V-Drain Floor Pan, all you have to do is take a hose and rinse out the back of the vehicle, to avoid having to get up close and personal with the mess. Once again saving you time and money.

### Clean and Easy

Our Floor Pan installs in minutes. Our V-Drain Floor pan makes vehicle clean up a quick and easy process. We are all about saving everyone time and money, our floor pan is the perfect example of that.

# ELECTRONIC FOLD DOWN COVER

## PROTECT YOUR ELECTRONICS

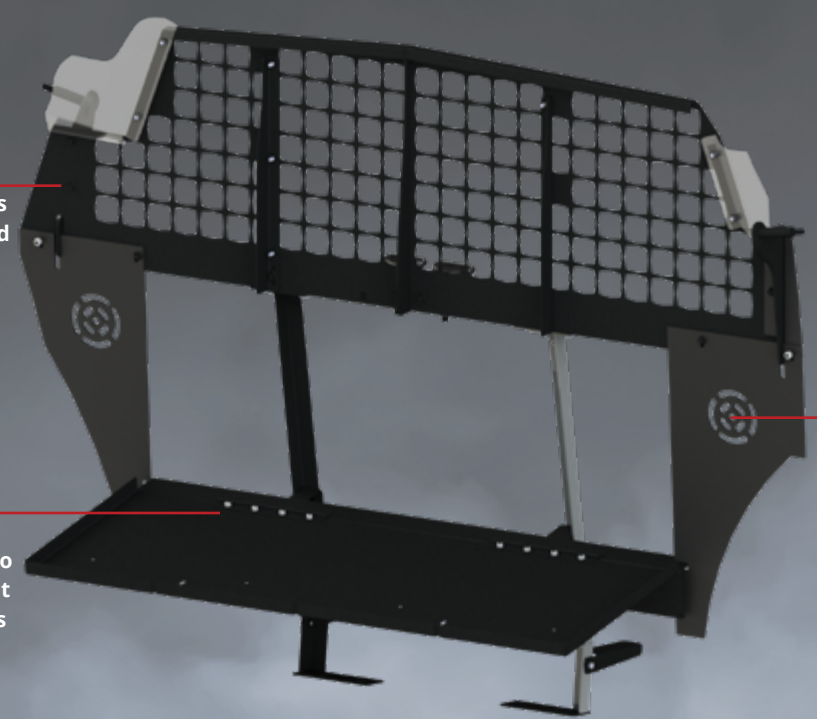

**OUT OF SIGHT, OUT OF MIND**  
Our Electronics Fold Down Cover is the perfect way to prevent damage of your very expensive electronics, while maximizing rear cargo space.

**TONS OF ROOM**  
The Electronics Fold Down provides plenty of room for all of your electronics in one convenient place.

**ATTACHES TO O.S. SYSTEM**  
Our Electronics Fold Down Cover fits both the Ford Utility Interceptor and the Chevy Tahoe. This is the perfect electronics mounting solution.

**HINGE DESIGN**  
The Hinge allows the electronics to be easily accessible. No need to remove parts from the vehicles, it simply folds down for easy access to the electronics.

**HEAT VENTILATION**  
The new cargo covers have cutouts to allow the heat from the electronics to escape, keeping your electronics cool and secure.

**Security And Privacy**  
Our Fold Down Cover provides security and privacy for all of your important electronics. Electronics are mounted directly onto the panel and then folded up to keep them protected. Electronics can be the most expensive thing in the vehicle, we want to keep them safe.

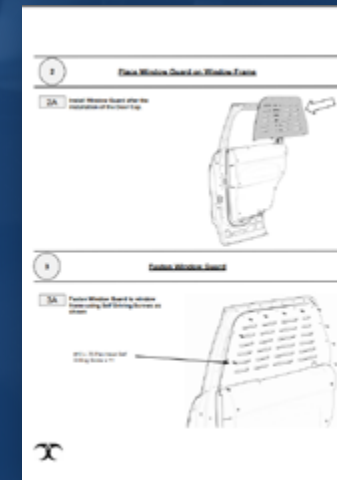

**The Perfect Add-on**  
The Electronics Fold Down Cover is the perfect add-on to the O.S. belt system. With the ability to hold all of your electronics in one place the Electronics Fold Down Cover is the best electronics storage system on the market.

YEARS	MAKE	MODEL	PRODUCT	PART NO.
2015 - 2018	Chevy	Tahoe	Rear Fold Down Cover W/ Sub Panel Option	P15T06 P15T06 SP
2012 - 2018	Ford	Interceptor	Rear Fold Down Cover W/ Sub Panel Option	PX06 PX06SP

*"We lay all of the fold-downs on tables, then we mount the electronics, then we install the fold-downs into the vehicles. It saves us hours since we can do all of the vehicles at once."*  
- Mark
